Hi Jason,

Is it possible to send me the property location you're looking at? That way I can track down the appropriate providers for it.

In the meantime, here is the Kiowa water plant operators contact information.

- **Danial Dibble**, Water Plant Operator
918.429.8674 | water@kiowaoklahoma.com

I will also forward an email with other local stakeholder contact information. They are not utility providers but will be good to have when conversations progress further.

Thanks.

Hi Oliver,

Hope you are well.

We are hoping to connect to a couple of utility providers in relation to our data center development.

Are you able to connect us with the correct people to assist us with wastewater / sewerage and water access for our site? We have had some initial conversations but are trying to get a clear picture on what utilities are available at our location.

Thanks

Jason Date

Associate Director, Development
