AYE: Mike Haynes
Sam Rhyne
James Schulz
Shelly Free
Brent Stone
Michael Kellogg
Rex Hatridge

NAY: None.

Motion Passed.

4. OVERVIEW OF COMMITTEE RESPONSIBILITIES AND PRICES: David Floyd explained the committee’s responsibilities, stating that they will be building toward the plan document of the committee. Floyd explained the project plan requirements and that the project cannot be longer than 25 years. Floyd explained as re-investment area and stated that the committee will need the legal description of the area with a map included to be able to make everyone aware of exactly where the district is. Floyd stated that the project can be set up in phases and delay activating the district. Floyd explained that the base ad-valorem will not change, it is only the increase in value abated and only applies to new real and personal property. Floyd also explained pilot payments to recoup some of the lost revenue. Floyd stated that each taxing entity does not have to participate and explained the steps for each district, also explaining the mechanism if the project is not met to recapture abated taxes. Floyd stated that the recommendation of the committee has to be approve or disapproved by the Board of County Commissioners.

Floyd explained the required public hearings and stated that the committee will have several meetings over the project.

5. REVIEW OF PROPOSED PROJECT PLAN: None. Project plan is in the beginning stages.

6. UPDATE FROM IREN LIMITED ON PROJECT STATUS: Jason Date thanked the board for their time and stated that this is their first project outside of Texas. Date stated that the site is good for electrical infrastructure and that they are working on additional plans for the site, stating that the project is in the early stages of development. Date stated the earliest operating date to be in 2028, with construction being 18 to 24 months before operational. Floyd asked if the project would be in phases. Date stated 75 mega watts and can build out to possibly 300 mega watts of data per year. Date stated that the sooner the project is online the sooner they can develop other phases. Floyd asked for the cost of the project. Date stated 300 mega watts is 3 to 5 billion at phase one depending on the type of data center could be up to 10 billion. Floyd asked is the system is a closed loop. Date explained the closed loop system on water consumption, not constantly using large amounts of water per day, stating that a closed loop system is like a radiator in a car. Floyd asked about PSO as relative to the data centers electric needs. Date stated that they expect PSO to have the power available in 2028. Floyd asked about the jobs to be created. Date gave an example of the Childress facility operations 100 employees as many as 200 at full operations, stating that the wages will vary based on the skill set and gave examples of positions. Sam Rhyne asked how many phases are expected to be implemented. Date stated up to 5 phases, to be determined with PSO on power available and hopes for at least 2 phases. Rhyne asked about water loss. Date stated 5% per year. Schulz asked if it would be water or chemical loss. Date stated water. Shelley Free asked about the property location. Date stated south of Kiowa, north of Tenaska. Michael Kellogg asked if east or west of the highway. Date stated both they are working with a design team. Rex Hatridge asked if Tenaska would power the project. Date stated that the power will all be handled by PSO, PSO will source the generation. Brent Stone asked about any environmental pollutants. Floyd asked if they have done the phase 1 environmental. Date stated that the phase 1 is done and that they are not operating a chemical facility and that they do not expect pollutants from the facility. Date stated that the board can visit the Childress facility. Gerald Byrd asked when to expect an information request. Floyd stated that he will be sending one.

7. DISCUSSION, CONSIDERATION AND TAKE ACTION TO SET NEXT MEETING DATE AND TIME OF THE PROJECT PCDC TAX INCENTIVE DISTRICT (TID) REVIEW COMMITTEE: Floyd stated that he need information as to the project plan before the next meeting and that he would like the information by the end of January. Floyd suggested that last week in January. Floyd asked for dates to review the Childress facility. Haynes stated January 27th at 1:30 in the commissioner's conference room for next meeting.

8. ADJOURNMENT: There being no further business brought before the board; Haynes made a motion to adjourn; seconded by Rhyne.
