Good morning, David. Since at least one committee member has started submitting requests for Iren, I would like to submit two. The first is something I feel would ease the concerns of a logical citizen. That's that some language be added to either the TID documents or the project plan requiring that they only use a closed-loop system in order to qualify for the tax abatement. The second is a request that Iren make a one-time contribution to the Kiowa library (Mary-Kimberly Library) within two years in the amount of \$60,000 for the purposes of installing a parking lot and landscaping. If they are open to fulfilling the health department's large request, I would further ask that they provide an additional, one-time payment of \$200,000 for use at the McAlester Public Library.

I appreciate your time and consideration of these requests.

Thank you.

Michael Hull

Thanks Michael. On your first point, I've already amended the next draft of the EDA to specifically include "closed loop" as a requirement and it may show up as a minor amendment to the Project Plan as well when we reconvene.

I'm working through how to address the Health Department's request and I'll handle yours in the same manner.
